## WHAT IS THE SIX FLAGS LIVABLE CENTERS INITIATIVE STUDY?

The Six Flags Livable Centers Initiative (LCI) Study will focus on finding ways to improve transportation infrastructure including walking/ bicycling, pedestrian, transit and freight movement in the area surrounding Six Flags Drive. In addition to improving mobility in the Six Flags area, the LCI will build off previous planning efforts ensuring consistency.

The LCI study will work to encourage viable land use planning and transportation infrastructure, as well as energize economic development for the benefit of those who live, work and engage in other activities within the study area.
